VISTA CARE COMPRESSION GARMENTS

by:
VISTAAR INDIA CG CO. LTD

WHAT ARE MEDICAL COMPRESSION GARMENTS (STOCKINGS)

Compression stockings are **specialized garments made with special fabric**. The importance of compression socks lies in their **ability to apply gentle pressure** to the legs, enhancing venous return. Primarily Compression Stockings have two functions: -

- **PREVENTION OF VENOUS DISORDERS**
- **MANAGEMENT OF VENOUS DISORDERS**

This is achieved mainly by providing desired compression thereby helping in:

- **IMPROVED BLOOD CIRCULATION**
- **REDUCE SWELLING (EDEMAs)**
